CLASSROOM TRAINING

NQF LEVEL 3 CREDITS (49)

ABOUT THE COURSE

The Plumbing Hand skills program prepares learners to operate as Plumbing Hands within the plumbing industry.

Learners are trained to install, repair, and maintain water pipes, drainage pipe systems, and sanitary fixtures such as water closets, wash hand basins, bidets, baths, showers, and sinks under the supervision of a qualified plumber.

The program responds to the need for plumbing skills development, supports water conservation by reducing water wastage, and provides a pathway into the broader plumber qualification and plumbing career framework.

Target Audience

- Learners who want to enter the plumbing industry
- Individuals seeking entry-level plumbing skills
- People who want to assist qualified plumbers
- Learners interested in progressing toward the full plumber qualification

PRICE

CLASSROOM TRAINING:
(PRICE ON REQUEST)

(Includes snacks and beverages – only applicable to classroom bookings)

KNOWLEDGE MODULES

SMART ZONE

- Health, Safety, Quality and Legislation

- Tools, Equipment, Components and Site Practice
- Drawings and Applied Sciences
- Theory of Water and Drainage Systems
- Above and Below Ground Drainage
- Sanitary Fixtures
- Hot and Cold-Water Systems
- Installation and Maintenance Theory for Plumbing Systems

APPLICATION MODULES

SMART ZONE

- Install and Maintain Above Ground Soil Waste and Vent Pipe Systems, Terminal Fittings and Sanitary Fixtures
- Install and Maintain Below-Ground Drainage Systems
- Install, Maintain and Repair Cold-Water and Hot Water Systems

MODULE BREAKDOWN

SMART ZONE

- Knowledge Component Credits: 25
- Application Component Credits: 24
- Total Credits: 49

WORK BASED AREAS

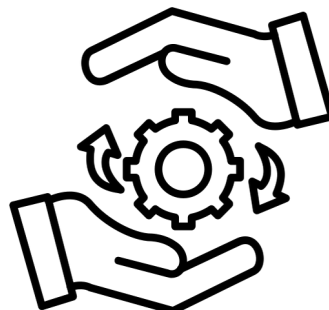

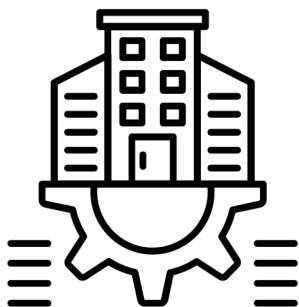

SMART ZONE

- Above-ground soilwaste and vent pipe systems
- Below-ground drainagesystems
- Sanitary fixture installation and maintenance
- Cold-water and hot water pipe systems
- Plumbing support services under supervision of a qualified plumber

PRACTICAL SKILLS

SMART ZONE

- Install, maintain, and repair above- and below-ground sanitary drainage pipe systems
- Install, maintain, and repair sanitary fixtures
- Install, maintain, and repair water pipes
- Install and maintain above-ground soil waste and vent pipes
- Install and maintain terminal fittings and sanitary fixtures
- Install and maintain below-ground drainage systems
- Install, maintain, and repair cold-water and hot water pipes and fittings

KEY FEATURES

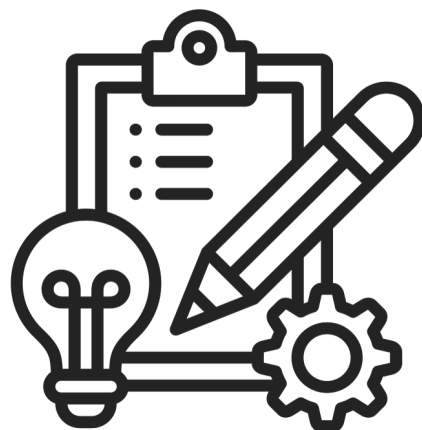

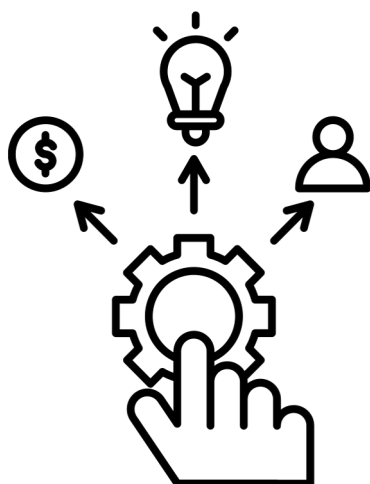

SMART ZONE

- Skills Programme: Plumbing Hand
- Skills Programme ID: SP-210403
- Sub Title / Occupation Focus: Plumber
- NQF Level 3
- 49 Credits
- Duration: 61 Days
- Status: Approved
- Quality Assuring Body: QCTO
- Covers drainage systems, sanitary fixtures, cold-water and hot water systems
- Includes both knowledge and application components
- Supports Recognition of Prior Learning (RPL) and Credit Accumulation and Transfer (CAT)

BENEFITS OF THIS LEARNERSHIP

- Builds entry-level practical plumbing skills
- Prepares learners to work under supervision in real plumbing environments
- Supports water conservation and reduced water wastage
- Develops skills in drainage, sanitary fixtures, and water pipe systems
- Improves employability in plumbing support roles
- Creates a pathway toward the full Plumber trade qualification
- Allows credit accumulation toward relevant full or part qualifications
