ABOUT THIS COURSE

This skills programme prepares learners to work as Road Transport Dangerous Goods Drivers by applying safety protocols, handling techniques and emergency response strategies for transporting dangerous goods by road.

The programme focuses on safe, compliant and efficient movement of dangerous goods, while supporting compliance with legislative requirements, road safety, public safety and environmental protection.

Learners will gain knowledge of dangerous goods classification, dangerous goods legislation and regulations, driver responsibilities, transport documents, DGD, TRECARD, labelling, placarding, packaging, compatibility, loading, offloading, route planning, inspections and emergency response.

The practical component gives learners the opportunity to handle, load and offload dangerous goods in a simulated or working environment under the supervision of a qualified person.

Target Audience

- Workers
- Employees
- Supervisors
- Managers
- Officers
- Responders
- Staff/Personnel
- Trainees

PRICE

CLASSROOM: R2000

(Includes snacks and beverages – only applicable to classroom bookings)
